HAPPY to be HERE!

I received my love of cars from my dad, Al who was an automotive technician. My dad started his own repair service business in Stamford, Connecticut in 1959. I started working in the family business when I was 10 years old. I loved cars and the people (clients) who drove them. I also enjoyed going to the race track with my dad who was a drag racer and drove mini sprints. I have raised my four boys on my own for the past eight years and have enjoyed sharing my love of cars and go cart racing with all of them. Raising them to be productive, responsible adults has been my greatest success to date.

I graduated from Sacred Heart University with a BS in business management. I went to school and worked full time, which forced me to create organizational and time management skills which have helped me immensely in the automotive business. I worked at my family's business until it closed when my dad became sick and could not operate it any longer. For the past 10 years I have been a service advisor at multiple dealerships including Cadillac, Kia, Oldsmobile, Subaru and Saturn. I decided to stay in the automotive business due to my passion for cars, as well as helping people.

I am very happy to have found a home here at Wilton Auto and Tire Center as it brings me back to my roots in a small, family owned, friendly environment where customer service is at the top of our list of priorities.
